REGULATIONS

1. The host school will prohibit the use of loud noisemakers such as cowbells, air horns, megaphones, and musical instruments. The tournament director will forbid noisemakers during tournament play. SIGNS (with the exception of welcome signs) WILL NOT BE PERMITTED BEYOND REGION PLAY.
2. When tri-matches are played, the two visiting teams should play first; the loser then plays the home team and the winner of the first match will play the home team in the final match.
3. In a tri-match, the home team should be ready to play at match time in the event one of the scheduled teams is not present and ready to play.
4. In single matches and in the first match of a tri-match, teams will be given five minutes separately on the court to warm-up, plus 3 minutes together serving (5-5-3). The team designated as the home team will have the first warm-up period. In the second and third matches of a tri-match, teams having already played will be given 3 minutes (5-3-3) separately to warm-up. The team having just played in the previous match will warm-up second and their opponent will warm-up first.
5. During regular season and tournament play, a team that has not arrived at the playing site and ready to play at the scheduled time will forfeit its initial game. If the team has not arrived within 30 minutes after the scheduled starting time, the match will be forfeited. For 3 out of 5 matches, wait an additional 15 minutes.
6. During the season when rescheduling occurs and teams are added or dropped, notify your district director as well as the other team(s) involved.
7. Teams are reminded to go directly to your position after shaking hands to begin a match.
8. There will be no longer than 15 minutes between matches. (This includes all warm-ups.)
9. Teams are required to wear their regular jersey starting with the 5-5-3 warm-up.
10. Each team shall be responsible for providing and training at least one line judge for each match played. It is strongly recommended that adults be used. If players are used, they may not be dressed in their team uniform. Host schools are asked to have a measuring device (7' 4 1/8" in height) to aid officials in measuring the height of the net. Line judges are encouraged to use red flags.
11. All matches must start on time. This is very important as far as the public and game officials are concerned. Officials are not expected to help set up the court.
12. Officials who do not report to the match site at least thirty minutes before starting time should be reported in writing to the League Office.

13. Since officials are advised to leave the volleyball court as soon as possible following the completion of the match, it is recommended that they be paid before the match starts.
14. A team is limited to five matches a day DURING POST SEASON PLAY ONLY.
15. A 3 OUT OF 5 MATCH MAY ONLY BE PLAYED WHEN ONLY TWO SCHOOLS ARE INVOLVED IN A SINGLE MATCH.
16. So that officials can hear the contact of the serve, in order to detect overlapping, there should be no noise by team personnel during the serve.

PROCEDURES FOR SUBSTITUTION WHEN THERE IS NO R2

1. During a dead ball, except a time-out, the coach will stand and give the signal for substitution.
2. The R1 will acknowledge request.
3. All substitutes will move immediately to the sideline in front of the spiking line and face in bounds. The player being replaced will move to her substitute and face out-of-bounds. Players will stand so that their numbers are visible to the scorer.
4. While players are moving to the sideline, the coach will go to the scorer and for each substitute report the number of the substitute and the number of the player being replaced. (For example: 13 for 12, 10 for 6, etc.)
5. The R1 will then signal the substitute(s) onto the court. The scorers will record the substitutes and signal the R1, if all is in order. A second motion to signal a substitute(s) onto the court will result in a delay of game penalty.
6. IF THERE IS AN R2, THE SUBSTITUTION PROCESS WILL BE IN ACCORDANCE WITH THE RULE BOOK.
7. For substitution during a time-out:
 - a) The substitute shall report to the scorer (or R2 if there is one), her number and then the number of the player to be replaced.
 - b) Players shall enter the game at the end of the time-out without following normal substitution procedures.

RESPONSIBILITIES OF OFFICIALS

Officials are reminded to:

1. Keep a current and correct preferred mailing address and home and business telephone numbers on file in the Arbiter. (www.thearbiter.net)
2. Check and update Arbiter daily.
3. During the volleyball season, an official must report any irregular procedure of the match or any unusual conduct on the part of the crowd, players, school officials or students to the League Office. This includes instances such as a team walking off the court and refusing to play, disqualifications (players and coaches), other unsportsmanlike acts, inadequate court markings, etc.
4. Leave the volleyball court at the completion of the match. This may save post-game arguments.

VOLLEYBALL OFFICIALS' FEES

LINE JUDGES

Good line judges are essential for a volleyball match. Poor line judges put both teams at a disadvantage. **It is the school's responsibility to select, instruct and train line judges.** Well in advance of the beginning of the volleyball season, school personnel should recruit and select line judges (**preferably adults**) who are willing to volunteer their time and services. Paying line judges will not solve the problem of the need for better line judges. Proper instruction and training will! The line judge must be able to ignore spectator criticism and maintain complete concentration on the game.

It is impossible for the R1 to instruct and train line judges in the short time allotted just prior to a match. Time permits only a brief, general review of their duties and responsibilities.

Coaches should communicate to players and fans the fact that line judges are assistant officials. They **assist** the R1 but do not make decisions. As the head official, the R1 makes all decisions. The R1 merely considers the calls made by the line judges. The R1 may overrule a line judge's call at any time. **It is highly recommended that line judges use red flags.**

Characteristics of a Good Line Judge:

1. Reports to the R1 no less than 20 minutes before the scheduled starting time of the match.
2. Reports promptly to the prematch meeting with the officials.
3. Is properly instructed and trained in all duties and responsibilities.
4. Performs duties in a confident, quiet, efficient manner.
5. Is appropriately dressed.
6. Is always courteous to other line judges, officials, coaches and players.
7. Is cooperative and responds in a positive manner to suggestions and directions from the R1.
8. Remains aloof from players and spectators during the match.
9. Refrains from reacting as a spectator to anything that occurs during the match.
10. Makes objective calls that are both quick and decisive, using the correct signals.
11. Concentrates on duties and responsibilities without distraction from other people.
12. Is always alert and ready to move quickly into the best position to make a call without interfering with play.
13. Shows respect for the calls of other line judges.
14. Shows respect for and accepts, without question, all decisions of the R1.

General Guidelines:

1. Line judges are assigned their positions by the R1.
2. Line judges shall hold these same positions relative to the court throughout the match.
3. Line judges are to make calls for balls landing on or near the sideline and end line closest to them prior to retrieving the ball.
4. In general, a line judge should be in a position near the intersection of the sideline and the end line.
5. Line judges **MUST MOVE** to be in the best position for an unobstructed view to make the call.
6. Line judges never enter the playing area.
7. Line judges must be alert to avoid being struck by the ball or interfering with a player's opportunity to make a play.

Specific Duties (Rule 5) - Line judges shall:

1. Determine at the moment of contact for the serve whether the server touches the end line or the floor outside the lines marking the width of the serving area.
2. Indicate when the serve, or any played ball, crosses the net not entirely between the net antennas.
3. Indicate when the ball touches the net and/or net supports not entirely between the net antennas.
4. Indicate whether a ball is in bounds or out-of-bounds when it lands near any line for which the line judge is responsible.
5. Indicate when a player touches a ball that is going out-of-bounds on the player's side of the net.
