Competitive season ends when a team is eliminated from a qualifier or the state competition. The High School League Executive Committee must approve any exceptions.

The National Federation Spirit Rule Book and the High School League Competitive Cheerleading Manual will be used for all High School League competitions.

The High School League strongly recommends that all competitive cheer coaches take the American Association of Cheerleading Coaches and Advisors safety certification course.

### **SQUAD RESTRICTIONS**

The maximum number of participating squad members are as follows:

AAAA	- 24
AAA	- 24
AA	- 20
A	- 20

### **COMPETITIVE AREA**

A matted surface with a 38' x 38' minimum will serve as the competitive area. The routine must be performed within the boundaries of the competitive area.

Only SCHSL pass holding coaches, competitors, and officials are permitted in the competitive area. **(which includes playing music, parade of teams and any warm-up areas).**

### **UNIFORMS**

All team members must be dressed in the adopted school uniform. Mascots will not be a part of the judged routine. 5 points will be deducted per uniform violation (10 point maximum).

### **INJURY**

The host school is responsible for the availability of medical services. First aid and medical supplies should be made available in case of injury. The tournament director is responsible for emergency medical telephone numbers such as paramedics. Ideally, a physician should be present or on call.

If an injury occurs during the routine, the head coach, judge or SCHSL official may stop the competition until the injured person is removed from the competitive area. A team with an injured person may be given the opportunity to perform the entire routine at the end of their classification competition.

Using the professional judgment of the medical personnel at the site, the head judge will not allow an unconscious or apparently unconscious player to return to competition without written authorization from a physician.

Contestants, who are bleeding, have an open wound, or an excessive amount of blood on the uniform may not participate in any event until appropriate treatment has been administered.

## **PROCEDURES**

Teams will be called to the competitive area by the announcer prior to their performance. Three teams will be announced each time - "Performing", "On-Deck", and "In the Hole."

A practice/warm-up area should be made available. Schools should furnish their own equipment and music for use in the practice/warm-up area.

## QUALIFYING

All Classes      Qualifying Regulations

Twelve schools will qualify for the state championship competition. The number of schools that qualify from the upper and the lower state qualifiers will be proportional to the number of schools who compete in the upper and the lower competitions.

**NOTE:** For example, if 15 schools enter the upper state qualifier and 5 schools enter the lower qualifier, then 15/20 or 9 slots will be given to the upper and 3 slots to the lower.

The High School League will adjust the number of team qualifiers from the upper and lower competitions if the proportional relationships do not clearly determine the number of qualifiers. This will be done with the best interest of the student athletes in mind.

**NOTE:** For example, if 10 schools enter from the upper qualifier and 12 schools enter the lower qualifier, the 10/22 or 5.5 slots will have been earned by the upper and 12/22 or 6.5 slots will have been earned by the lower. In this situation, the HSL will be empowered to award 6 to the upper qualifier and 7 to the lower qualifier.

## ORDER OF COMPETITION

The SCHSL will conduct a random draw to determine the order of competition at the state finals for Classes AAAA & AA.

The Class AAA order of competition at the state finals will be based on results of the upper & lower qualifiers. The order will be reversed. (Example: The top finisher from each qualifier will be placed 11<sup>th</sup> & 12<sup>th</sup> in the order of competition at the state finals.)

The High School League will determine the order of competition for the qualifiers and the state finals.

## TEAMS

Each school may enter one team. **Members of the competitive team must have been a member of a support cheerleading squad during the year.** All participants must be listed and properly certified on an eligibility report to the High School League. The performing cheerleaders may be anyone certified on the eligibility report. Substitutions may be made at any time. Spotters that help within the confines of the routine must be team members. Safety spotters will be provided. Any team having more than one male will be considered a coed team. A state championship for coed cheer will be provided if 16 or more schools enter state competition.

## AWARDS

Region              Each region will determine the awards to be given.

State                Trophies - 1<sup>st</sup> and 2<sup>nd</sup> place team trophies will be awarded in each classification in the state finals.

Medals - Individual medals will be awarded to the 1<sup>st</sup> and 2<sup>nd</sup> place team members and coach in each classification.
