SPORTSMANSHIP

Sportsmanship is a general way of thinking and behaving. In order for school activity programs to continue to be positive educational experiences, fans and participants need to be cognizant of the necessity for good sportsmanship and the means by which it is attained.

Fans attend athletic contests to cheer for and support their team and coaching staff, to enjoy competition, and to demonstrate appreciation for the athletes' skills. Fans should avoid booing, jeering, or making negative antagonistic remarks to participants and other fans.

All viewing fans and participants in high school contest should:

- Show respect for the opponent at all times and treat them as guests.
- Show respect for the officials. Good sportsmanship is the willingness to accept and abide by the decisions of the officials.
- Know, understand, and appreciate the rules of the contest. Good sportsmanship suggests the importance of conforming to the spirit as well as the letter of the rules.
- Maintain self-control at all times. Good sportsmanship is concerned with the behavior of not only the participants, but also the fans.
- Permit only positive behavior to reflect on your school and its activities.
- Win with character and lose with dignity.

It is suggested that administrators and athletic directors of school see to the following communication items:

- Coaches' expectations regarding sportsmanship of his/her players.
- Principal's expectations regarding sportsmanship to his/her student body (pep rally, assembly).
- A statement on "Sportsmanship" in the football program.
- A PA announcement before the beginning of each game on "Sportsmanship."

THINGS GOOD HOST SCHOOLS DO

FOOTBALL REGULATIONS

The Class AAAA conference will declare play-off participants in accordance with conference regulations.

The conference will be divided into eight regions. Regions I, II, III and IV will be upper state. Regions V, VI, VII and VIII will be lower state. For football purposes, the AAAA Conference will be divided into Divisions I and II. The top sixteen schools, by enrollment, will be Division I. This will be based on 135 ADM for the previous year.

I. Division I

- A. The sixteen largest school, by enrollment from the most recent available data of 135 ADM, will be considered Big Sixteen determining points for the "Point System" on a yearly basis. Listed below for 2011:

- | | |
|--------------------|-------------------|
| 1. Wando | 9. Hillcrest |
| 2. Dorman | 10. Mauldin |
| 3. Lexington | 11. West Ashley |
| 4. Summerville | 12. Blythewood |
| 5. Sumter | 13. Spring Valley |
| 6. Byrnes | 14. Gaffney |
| 7. Boiling Springs | 15. Dutch Fork |
| 8. Fort Dorchester | 16. Ridge View |

- i. Division I qualifiers will compete for a State Championship.
- ii. Except for the State Championship, the top seeded team will be the host team. The State Championship host will be decided by a coin toss. The State Championship will be played at Memorial Stadium, Clemson University.
- iii. The tie breaking procedure for seeds is found on page 30-31.

II. Division II

- A. Division II qualifiers will compete for a State Championship.
- B. The top eligible team (s) will be determined by region record.
- C. Each team who is not an automatic seed and meets all other eligibility requirements is eligible for an at large berth.
- D. Except for the State Championship, the top seeded team will be the host team. The State Championship host will be determined by coin toss. The State Championship will be played at Memorial Stadium, Clemson University.

III. The following items apply to both divisions:

- A. The top three (3) eligible teams from each of the eight (8) regions with the exception in Regions I & II who will get four (4) teams which will advance to the AAAA playoffs. Six (6) additional "at large" teams will also be selected to complete the thirty-two (32) teams that will advance to the AAAA State playoffs. The six (6) "at large" teams will be selected using the points system currently used by Division I teams. Each team will be given two (2) "mark offs" and the number of Division I teams is not limited. The sixteen (16) largest schools by enrollment from the most recent available data of 135 ADM will be considered Division 1 in determining points for the "Point System" on a yearly basis.

After the thirty-two (32) teams are selected, the sixteen largest schools by enrollment of the thirty-two selected will compete for the Division I State Championship. The most recent available data of 135 ADM will be used to determine the Division I participants. In the event there is a tie for the last positions within these 16, the previous 45 ADM will be used for the effected schools only. If this does not resolve the tie the previous year's 135 ADM will be used. The remaining sixteen schools will be the Division II and compete for the Division II State Championship. If there is a tie with in your region or seeding for the 1st, 2nd, and/or 3rd place qualifiers the "Points System" will be used to break the tie if head-to-head competition does not break the tie.

In both Divisions, the sixteen teams will be seeded one through sixteen using the following criteria:

1. All Region Champions will be seeded 1st using the "Points System" stated on page 30 and 31.
 2. All Region Runners up will be seeded 2nd (next) using the "Point System" stated on page 30 and 31.
 3. All other Region qualifiers and all "at large" teams will be seeded next using the "Point System". These schools will be seeded together.
 4. The higher seeded team will always be the home host team. Except for the State Championship game. A coin flip will determine the home team.
- B. Each team must play each member of the region (regardless of division). In the event any school refuses to play another school in the same region, that school becomes ineligible for any play-off berth and forfeits to all other teams for the purpose of declaring play-off participants.
- C. The Kansas System of Elimination shall be used to break a tie in all regular season games, and play-off games.
- D. The mark off game(s) will be designated after the season is complete. However, to expedite the computation of points, all schools must send the "AAAA Football Record Sheet" in this section to the Chairman of the Football Committee by noon on Wednesday of the week of the eleventh playing date.

- E. Out-of-state teams will be counted the same as South Carolina teams if the classification is also AAAA. If it is not, they will be classified by enrollment and placed in the proper point category by the South Carolina High School League standards.
- F. Private schools, who are not members of the High School League, will be classified by enrollment and placed in the proper point category.
- G. By 9:00 A.M. Saturday following the eleventh playing date, all schools that are in contention must report the results of their eleventh game to the Chairman of the Football Committee. The Chairman of the Football Committee will be responsible for reporting play-off teams to the High School League.
- H. A winning record is above 50%.
- I. Any school who knows, or has reason to know, of a violation by another school and does not report the violation until after the seedings are made will not gain any advantage in the seedings. The next eligible team will be brought up to fill any vacancy.

IV. Regulations Governing State Play-offs (Both Divisions):

- A. In the first round of play, the host school will have the choice of the playing site provided (1) the site is in this state, (2) the site meets the below seating requirements and, (3) it meets the approval of the Football Committee. All games are to be played on Friday night at 8:00 P.M. unless both teams agree to change the date and/or time. Anytime the host school shares a stadium with another school, the host school may play on a Thursday or Saturday night provided their stadium meets all other requirements. If the host school does not have a stadium available or their stadium does not meet requirements, the host school may designate a stadium that meets requirements. The conference finals (State Championship) will be played at a site and time to be determined. The host team will be decided by a coin toss prior to the game.

Seating Requirements for AAAA Play-offs

First and Second Round.....	4,000

Schools must notify the Chairman of the AAAA Football Committee of the size of the reserved section by the first game and will not be allowed to increase the size of this section during the play-offs.

V. Disbursements of Proceeds:

- A. 20% of the gross receipts to High School League.
- B. Expense for officials, game manager and security.
- C. The League Office will provide forms for disbursements.

VI. Point System (Both Divisions)

	If Won	If Lost
Division I (winning record)	+ 4½	+ 3½
Division I (non-winning record)	+ 4	+ 3
Division II & (AAA with winning record)	+ 4	+ 3
AAA & AA (with winning record)	+ 3	+ 1
AA & A (with winning record)	+ 2	- 1
A	+ 1	- 3
*If a Class A, AA or AAA team with a 5-5 record advances to the 2nd round of their play-offs, the record shall be counted as a winning record.		

- A. Schools must maximize points on the point system.
- B. Tie Breaking Procedure: In case the point system does not gain a solution, the following will be used to seed teams:
 1. If two teams are tied in the point system and the two teams played, the head-to-head winner will get the top seed. If there is a three-way tie and one team beats the other two teams, the winner will get the top seed. Also, if there are more teams tied for a particular seed, the point system will be used to seed the team. Seeds will be filled one at a time and the process will start back at the top of the point system.
 2. The team whose opponents have the most victories (all games except mark off).
 3. The team whose opponents have the fewest defeats (all games except mark off) will receive the top seeding.

4. Start back at the first step of the point system but include the mark off game. In a situation where the two teams have played a different number of games (11 or 10), the team playing eleven games will include the one (1) mark off that maximizes points. If both teams played the same number of games, then all mark offs will be added back before totaling points.
- C. If not resolved by above method, it will be resolved by a coin toss supervised by the Football Committee.

XIII. CERTIFICATION OF OFFICIAL TIMES FOR STATE CHAMPIONSHIP MEET ENTRY

- a. **Manual timing.** Official manual times for entry into the SCHSL State Championship Meet are determined by using three stopwatches per lane. Backup stopwatches may be used in case of watch or timer malfunction. When three watches record different times, the official time is the middle time. When two watches record the same time, that time is the official time. The digits representing thousandths of a second shall be dropped with no rounding. In the case of watch or timer malfunction, the following procedure should be followed:
 - i. All manually-timed meets must be set up with three stopwatches per lane and with the intention to record three watch times per swim. This is the primary timing system for a manually-timed meet. If three good watch times are recorded then the official time is the middle time, not the average of the three. A “good” watch time is defined as a time recorded by a timer properly positioned at the finish end of the lane.
 - ii. In case of a malfunction of one of the stopwatches (either through timer error or watch malfunction) then a backup watch from the head timer should be used to time the swim to get three good times.
 - iii. In case of a malfunction, and when the head timer with a backup watch is not able to provide a third time for a swim, the following procedure should be followed:
 - a. If only two good watch times are available, then the average (NFHS Swimming Rule 6.2.2) of the two watch times should be recorded as the official time.
 - b. The only time that two watch times should be used is in case of a malfunction. Two watch times should be the exception, not the rule.

- b. **Automatic (Electronic) timing.** Official time is the pad time computed to the hundredth of a second. If there is a malfunction of the automatic system, backup times shall be integrated according to NFHS Rules 6-2-3 and 6-2-4.
- c. **Meter times.** Meter times will be converted (for posting and State Meet entries) as specified in the current NFHS Swimming and Diving and Water Polo Rules Book conversion chart.
- d. **Certified times for State Championship Meet.** Official qualification times for entry into the State Championship Meet are certified yard or converted meter times from regular season meets that appear on the *Easyware* website (SCHSL SWIMMING LINK). Meet results must be verified and signed by the meet referee and a coach from each participating school. Each team must keep copies of certified meet results in case validation of entry times is required. **Raw times must be submitted to the Easyware website according to the instructions in Section 13.e by the earlier of the two following deadlines:**
 - 1. **within 3 days following a regular season meet, or**
 - 2. **24 hours before the entry deadline for the State Championship meet**
- e. **Submission of Certified Times.** Host team of each meet must send a **COMPLETE MEET BACKUP** within 3 days of the completion of the meet using Easyware software, Easy Meet. Email the following information with the MEET BACKUP: POOL LENGTH, CLASSIFICATION of each team (AAAA, AAA, etc.), and any team that is a NON-MEMBER of the SCHSL, to dabineri@fuse.net.

Teams must be designated using the standard 3-letter high school abbreviations listed in AD Notebook on the League website. Use the Easy Team Manager FILE, SETUP screen to enter your 3-letter abbreviation for all meets.

In the case of manually-scored meets (i.e. no software is used), EACH TEAM must send in meet results (times) to dabineri@fuse.net using the spreadsheet posted on goeasyware.com under the SCHSL SWIMMING link.

Only send in **CONSIDERATION** and / or **AUTOMATIC** times.

DO NOT CONVERT TIMES before submitting - those using the spreadsheet will have times converted by D. Abineri. Those using Easy Meet will have them converted by the software.

Times will be posted in rank order at <http://www.goeasyware.com> under SWIMMING LINKS. It is each coach's responsibility to check this site to be sure that the listing is accurate and to promptly report any errors to David Abineri at dabineri@fuse.net.

- f. **State Meet entry times.** The times posted on the *Easyware* website are the official entry times for the State Meet
