Recommendations to SCHSL:

The following recommendations have been approved by the SCFOA Board of Directors as suggestions to the SCHSL when selecting officials for playoffs, post season games and certain games utilizing seven man crews.

A. Selection of Officials:

On certain regular season games, as well as some post season games, the SCHSL may utilize seven man field crews. The selection of the basic five officials (R, U, L, LJ, and BJ) for seven man crews typically is, and has historically been, based on rankings at each of these basic five positions even though all selections are at the complete discretion of the Commissioner of Officials. Selection of officials for the 6th and 7th field positions (FJ and SJ respectively) on seven man crews is at the complete discretion of the Commissioner of Officials. This selection of the 6th and 7th field position will be made from the pool of officials viewed by the Commissions as qualified and capable of working the assignment with limited regard to the official's current SCFOA ranking. For state finals selection, eligibility for inclusion in the pool of officials considered for the 6th and 7th field positions requires an official to be ranked in the top 15 at their respective position".

B. Consecutive championship games allowed to officiate:

Starting with the 2010 South Carolina Football State Championship games no official may work more than three consecutive state championship games, regardless of the classification or their position.

C. Side Judge/Field Judge selection for championships:

Starting with the 2010 South Carolina Football State Championship games no official may work consecutive state championship games at the Field Judge and/or Side Judge positions.

D. Use of Carry-over Provision by an official:

An official must work a minimum of five (5) varsity games during the regular season to be eligible for a play-off assignment.

If an official works four (4) or less varsity games during the regular season, then the official will revert to the previous year's overall rating for the subsequent football season. This "carry-over" provision may be used by an official only ONCE during their officiating career. During the football season when the official is using this provision, he/she forfeits the opportunity to officiate the Shrine Bowl game, the North-South All-Star Game, or any playoff contest beyond the quarter-finals. The carry-over rating will not be used to allow an official to gain an all-star game or a state semi-final or state final game.

If an official has circumstances in a later year where he/she officiates four (4) or less varsity games during the regular season, then the carry-over rating provision will not be used for the next football season. In those cases, the official will be assigned a rating by the State Review Board under guidelines used for out-of-state transferring officials or those officials who are returning after more than one year of absence. In all cases the official will not be eligible for the Shrine Bowl, the North-South All-Star Game, or any state playoff game beyond the quarter-finals (semi-finals or finals) for that football season where he/she is assigned a rating by the State Review Board.
